Circular No. ACAD-18/2022

Subject: Free Online Teachers' Training Programme on 'Conducive Learning Environment'.

Creating a conducive learning environment means to establish the fundamental conditions that must exist if children are to learn. Necessary physical ingredients of learning, learner centered pedagogies, integration of social and emotional aspects of learning, recognizing individual differences, building horizontal connections and assessment for learning are some of the factors that lead to conditions which are conducive to learning and ensure achievement of learning outcomes in a threat free environment.

With an objective to guide our teachers in creating such an environment in a formal educational setting where learning thrives for all and suitable monitoring mechanisms are in place for constant self-evaluation and growth, CBSE is launching an online training programme on '**Conducive Learning Environment**'.

This programme consists of textual resources, videos and assessment activities for course completion. Additional resources are provided in the reference section for extended learning. It is a 5 hours Online Course which can be completed in asynchronous mode at one's own pace.

The online Module is going to be launched on 8th February, 2022 at 3 pm.
