## CENTRAL BOARD OF SECONDARY EDUCATION

(An Autonomous Organisation Under the Ministry of Education, Govt. of India)

CBSE/DIR.(SE&T)/SHI/2022

09.03.2022

Circular No. Acad-38/2022

### All Heads of institutions affiliated to CBSE

**Subject: Setting up of 'Skill Hubs' in CBSE affiliated schools under the Skill Hub Initiative under PMKVY 3.0 scheme**

As you are aware that the National Education Policy (NEP)-2020 entails towards a more holistic and multidisciplinary education to develop all capacities of human beings – intellectual, aesthetic, social, physical, emotional and moral in an integrated manner. The Skill Hub initiative is one such innovative approach implemented as per the guidelines under Pradhan Mantri Kaushal Vikas Yojana 3.0.

The scheme envisages to give leverage to existing infrastructure of the school after school hours as 'Skill Hub' focusing on the introduction of skill training program in the education ecosystem to actualize the intent of NEP 2020 which mentions at least 50% of learners shall have the exposure to Skill Education by 2025. The Skill Hubs shall primarily be nodal skill centers identified to provide skill development and vocational training opportunities to target population segments from in-school students of class 9<sup>th</sup> to 12<sup>th</sup>, school dropouts and out-of-education candidates.

Under this scheme, the school infrastructure, in general and Skill Education infrastructure, in particular can be used optimally after the school hours, on weekends, holidays, summer vacations, etc. This initiative will give school recognition in the neighborhood.

Independent schools affiliated to CBSE can start Skill Centre / Skill Hub in the school premises on a fee-based model. Detailed guidelines for operationalizing the 'Skill Hub Initiative' under PMKVY 3.0 are enclosed.

CBSE will support in terms of providing curriculum and soft copies of resource material, organizing training, conducting assessments and certifying the successful trainees.

All the independent schools affiliated with CBSE, especially the schools, which are offering Skill subjects in their schools are encouraged to start Skill Hub in their premises and register themselves on the Skill India Portal (<https://www.skillindia.gov.in>).

The schools desirous of participating in this novel initiative may provide the details using the link <https://bit.ly/CBSE-SHI> (Please note that this Google form can only be filled using the [cbse.shiksha.in](mailto:cbse.shiksha.in) email id). The schools that are already participating in the pilot phase of this initiative need not apply again.

For further details, schools can write to [cbse.skillhub@gmail.com](mailto:cbse.skillhub@gmail.com).

*Biswajit Saha*

# **SKILL HUB INITIATIVE**

## **Operational Guidelines for Private Schools Affiliated to CBSE**

### **Background**

The National Education Policy mentions that, by 2025, at least 50% of learners shall have exposure to Skill education. It also suggests a robust mechanism for the government to take stock of the number of out-of-school children, every year.

Schools have proved to be the institutions to engage children during early ages and hence can connect with the drop-out students for Skill Education.

CBSE is receiving positive response for Skill Education with around 13.87 lakhs students opting for these courses at secondary level. Presently 16,842 CBSE schools offer Skill courses at secondary level and 5,231 schools offer Skill courses at Senior Secondary level. Around 5,837 schools offer Skill Modules at middle school level.

Skill Education can play a pivotal role here for adult learners, youth and school dropouts in enhancing their employability skills as well as developing a competent skilled workforce for various job roles available in the economy.

Hon'ble Minister of Education has desired to leverage the existing infrastructure of Schools after the school hours as 'Skill Hub' for the Skill Education and Training of adult learners and school dropouts.

The schools running this program will get better branding in the neighbourhood and enrolment of students for regular courses will increase. This programme will help the school to link with the industry in the vicinity which will be helpful for exposure of students who have opted Skill courses as well as who have not opted for Skill courses. The school infrastructure in general and Skill Education infrastructure in particular can be used optimally after the school hours, on weekends, during holidays as well as during the summer vacation and other seasonal holidays.

**The guidelines for the 'Skill Hubs Initiative' under PMKVY 3.0 are attached with this document. (Referred to as 'the Guidelines' hereinafter in this document).**

The Skill Hubs in Government schools will be funded under PMKVY 3.0, however there is provision of fee-based skill training programme, as mentioned in the Guidelines at 2.1.6 - *‘Funding of Training Cost: Training cost for out-of-education candidates shall be provisioned under the scheme. Scheme funding shall be extended to all skill hubs except those which shall run on fee based mode (AICTE Institutions and private Schools).’*

**The scheme provides for grants to Government schools and has provision of few Skill Hubs to run on a fee based mode.**

The Private/Independent schools affiliated with CBSE who will follow the fee based Skill Programmes should consider following points while implementing the scheme.

Apart from the provisions mentioned in the guidelines, the following additional guidelines are provided for CBSE affiliated private schools who will run the skill hubs on a fee based mode.

These guidelines are to be read with the attached guidelines.

**1. Fee based Mode –**

- a. All the training expenses for the Skill hubs working on Fee-based mode shall be managed by Institute itself. There will be no reimbursement of any type of expenditure incurred for running this scheme.
- b. The training fee may be decided by the institution according to the level of the course. However, an indicative maximum per candidate fees will be as follows:

<b>S. No.</b>	<b>Duration of the course (in Hours)</b>	<b>Maximum Training Fees (in Rs.)</b>	<b>Assessment Fees (in Rs.)</b>	<b>Total Fees (in Rs.)</b>
<b>1</b>	Up to 50	3000	300	<b>3300</b>
<b>2</b>	51 to 100	4000	300	<b>4300</b>
<b>3</b>	101 to 150	5000	300	<b>5300</b>
<b>4</b>	151 or more	6000	300	<b>6300</b>

- c. Under the fee-based model for private schools, the school administration will maintain transparent accounting process, maintain a separate bank account for the Skill Hubs programme.

## **2. Infrastructure**

- a. The institutions approved under the Scheme shall operate in their existing buildings and premises. Each institute needs to have adequate skill lab facilities for face-to-face delivery of skills and hands-on practice either owned, arranged through tie up with the partner industry or NCVET /AICTE/ NSDC/ Skill University approved training partners.
- b. The course syllabus will contain the list of equipment/material required for the course.
- c. Existing infrastructure like Vocational Labs, ICT Labs, Language Labs etc. can be utilised Skill Education for school students and also for Skill Hub.

## **3. Eligibility of the Schools for selection as Skill Hubs:**

- a. All CBSE affiliated schools shall be eligible to participate in the scheme.
- b. The institutions who are running relevant Skill courses will be given approval on priority.
- c. All selected schools will have to comply with the norms as specified in the Guidelines and decided by the Government from time to time for implementation of the scheme.

## **4. Selection Procedure:**

- a. Online application will be invited from the CBSE affiliated schools by issuing a Public Notice on the CBSE website.
- b. The proposals will be submitted in the prescribed format within specified time.
- c. The proposals will be evaluated at CBSE, based on the merit of the proposal.

## **5. Target Beneficiaries**

- a. Adult Learners, Youth and School Dropouts who want to pursue, attain higher order skills and are living in the vicinity of the school.
- b. The candidates should fulfil age, education and other criteria for the respective course as mentioned in the syllabus.
- c. Mobilization of candidates can be conducted as mentioned in 2.1.9 of the Guidelines, the Private schools under fee-based model can incorporate screening criteria for admission e.g. girls' schools can restrict the admission for female candidates only considering safety of the students. Also, under the fee-based model, Skill Hubs can also enrol candidates from both Skill Hub Schools and neighbouring schools.

## **6. Admission**

- a. With reference to 2.2.3 of the Guidelines, the private schools with fees-based model will not have minimum number of candidates. However, they should adhere to the norm of maximum 40 candidates in one batch.
- b. Any candidate with minimum qualification mentioned in the syllabus of the course can apply. Preference will be given to the learners living in the local community.
- c. There shall be no age bar for admission under this scheme.
- d. Special guidance and counselling session will be organized by CBSE for girls for participation in the skilling programmes as per need.
- e. As mentioned in 5.1.5 of the Guidelines, candidates enrolled for the fee-based model will have option to provide Aadhar number or use system generated independent registration number.

## **7. Modes of Training**

The modes of training that may be adopted:

- a. 100% classroom-based approach: Both theory and practical shall be conducted physically at schools. Components of guest lectures, field visits and internship will be part of the course.
- b. Blended approach: Theory portion of course may be delivered through digital / online mode and the practical portion to be delivered at the affiliated Training Centre, by using the physical training infrastructure. Components of guest lectures, field visits and internship will be part of the course.

## **8. Courses/ Qualifications that can offered:**

- a. As mentioned in 2.1.4 of the Guidelines, apart from the courses mentioned in the attached guidelines, private schools can choose appropriate courses from the Annexure-II.
- b. CBSE can add/ remove courses from the list as per the skill requirements.
- c. The Skill Need Assessment of the particular area/ district/ state can be done for selecting the qualifications by the institute.
- d. The duration of course would be between 1-3 months ranging from 50 hours or more. Schools will have choice to decide on courses.

## **9. Faculty / Trainers:**

- a. CBSE will specify academic qualification, professional qualification as well as relevant experience for the skill trainer.
- b. A qualified skill trainer will be deployed by the school on full time or part time basis to conduct the theory and practical classes. Qualified existing teachers can also act as vocational trainers.
- c. School can invite guest lecturers from industry, local artisans and practitioners. Schools can also engage organisations which have expert trainers in the sector viz. Skill Training Partners (STPs), Jan Shikshan Sansthan (JSS), Krishi Vikas Kendra (KVKs), etc. It can also partner with Skill universities, industries for guest lectures.
- d. School principal is authorised to engage local trainers.
- e. The School principal will be responsible for overall management of the program.

## **10. Faculty Training/ Capacity Building of the Trainer:**

- a. Training of trainers will be conducted by CBSE regularly which will include Skill training, Vocational/ Skilling Pedagogy, Employability Skills, Entrepreneurship Skills, Industry Linkages, Placement etc.

## **11. Assessment:**

- a. It is mentioned in 3.9.1 of the Guidelines, that, *‘Institutions including Schools and HEIs which are already offering skilling-based courses through their Boards/Regulators may have the flexibility to undertake assessment and certification as per their existing norms if possible, for the vocational courses or through SSCs.’* Accordingly, assessments of the students in Skill Hubs will be conducted by CBSE. For course of less than 150 hours, internal assessments will be conducted along with online examinations. For courses of more than 150 hours duration, practical assessment will be conducted through an external assessor by CBSE in every quarter.
- b. CBSE will prepare assessment framework for the trainees completing the short-term courses. The assessment framework will consist of the components of theoretical and practical assessments (wherever possible)
- c. Qualified skill trainers / assessors will be engaged to conduct final assessment (online or offline) as per the framework. CBSE will certify the successful candidates.
- d. Assessment fees @ Rs. 300 per candidate will be paid by the institution to CBSE.

## **12. Certification and Awards**

On successful completion of training, the certificate will be awarded by CBSE. The certificates will bear the logo of “SKILL INDIA”.

## **13. Engagement with Industries/ Educational Institutions/ Skill Universities/ Technical Training Institutes (ITI/Polytechnic)/ PMKVY/ DDU-GKY / Employer/ User Organisations**

- a. Constant engagement of Industries/ Employer/ User Organisations will be ensured for selection of courses, skill trainer, enrolment, guest lectures, field visits, hands on training.
- b. Specific partnerships will be developed with industry for providing opportunities to students for internships, placement and entrepreneurship support to the trainees.
- c. Specific partnerships will be developed with Educational Institutes, Skill Universities, Technical institutes (ITI, Polytechnic), Pradhan Mantri Kaushalya Vikas Yojana (PMKVY), Deen Dayal Upadhyay Gramin Kaushalya Yojana (DDU-GKY) for effective implementation of program. The collaboration can support in finding resources for training, infrastructure, etc.

## **14. Submission of Progress Reports**

- a. The implementing Institution shall submit the Progress Report of the Scheme on the CBSE Portal.
- b. It shall be open to the CBSE to prescribe such conditions, as it may deem fit, from time to time to ensure proper execution of the Scheme.

## **15. Management Information System (MIS)**

- a. The ‘Skill Hub Initiative’ would be implemented under Central component of PMKVY 3.0 through National Skill Development Corporation (NSDC) as per 2.4.1 of the Guidelines. Considering this, the information of the implementation by private schools will be compiled by CBSE and provided to Skill India Portal as and when required.
- b. A Web-based Management Information Online System (MIS) will be developed by the CBSE. Each school registered under the scheme will be assigned with login & Password and will need to provide the information and review it through its dashboard.
- c. The MIS will also be used for sending assessment and certification process.
- d. CBSE will support and handhold the schools registered on the MIS by providing regular training to the faculty.

## Chapter 1: Envisaged Integrated Skilling through Skill Hubs

### 1.1. Introduction to Integrated Skilling

- 1.1.1. Integration and mainstreaming of vocational education with general education has been identified as the key reform in the education-skill system of the country for overall gains at the student, community and economy levels. The ‘National Education Policy’ (NEP) 2020 envisages quality holistic education—including vocational education so that students can design their own paths of study and life plans. It emphasizes on flexibility in choice of subjects and strongly recommends no hard separations between the vocational and academic streams, etc. in order to eliminate harmful hierarchies and silos between different areas of learning.
- 1.1.2. To mainstream vocational education, enable sharing of infrastructure and developing well-defined pathways for students to continue with their chosen academic-vocational pursuits, a scheme of creation of Skill Hubs across the education and skill ecosystem has been proposed to actualize the intent of the NEP on the ground. The implementation of the initiative shall ensure broad-based convergence of vocational education with formal education in a phased manner. The effort would also supplement the objectives of ‘National Policy for Skill Development and Entrepreneurship’ (NSDP), 2015.
- 1.1.3. Creation of sustainable skill Training Centres, phase-wise introduction of vocational courses in school curriculum in coordination with Ministry of Education (MoE) has also been envisioned in the Guidelines of the PMKVY 3.0. This can be accomplished through technical support, greater cross utilization of available infrastructure from Universities/ Colleges/ Industrial Training Institutes (ITIs)/ Polytechnics/ Schools, and further strengthening of District Skill Committees (DSCs), State Skill Development Missions (SSDMs)/ State Directorate of Technical Education along with handholding, strategic and funding support.
- 1.1.4. The ‘Skill Hub Initiative’ under the PMKVY 3.0 scheme focuses on the introduction of skill training programmes in the education ecosystems. The Initiative would consider the policy level synergy on integration of vocational education with general education as envisioned in the NEP 2020.

### 1.2. Skill Hubs

- 1.2.1. Skill Hubs are nodal skill centres identified to provide skill development and vocational training opportunities to target population segments from class 6-8th (introduction to world-of-work through orientation, industry visits, bag-less days), Class 9<sup>th</sup> to 12<sup>th</sup> (aimed at exposing students to skill development avenues), school dropouts, and out-of-education (aimed for academic credit, mainstreaming back to

education and or apprenticeship and employment linkages). Over a period of time, these Skill Hubs will associate with adjoining education and skilling institutions (spokes) over a district, or a cluster of adjacent districts, to provide access to skill development training at hub location or at spoke location. Such adjoining institutions in the vicinity of the Skill Hub may leverage the infrastructure and resources available at the associated Hub for their In-school, drop-outs and out-of-education candidates.

1.2.2. Skill Hubs will be co-opted from the vocational system and education system with participation from MSDE, MoE (Department of School Education & Literacy-DoSEL and Department of Higher Education-DoHE), Ministry of Rural Development (MoRD), Ministry of Micro, Small and Medium Enterprises (MSME) and Ministry of Electronics and Information Technology (MeitY) basis agreed selection criteria including but not limited to the following institutions:

- a. Schools (Government, Government-Aided and Private)
- b. Higher Education Institutions (Engineering, Technical and General Institutions including institutions offering Language courses)
- c. Polytechnics
- d. Industrial Training Institutes (ITIs)
- e. Pradhan Mantri Kaushal Kendras (PMKKs)
- f. Private Training Providers (PMKVY centres, Fee based centres)
- g. Institutions under Jan Shikshan Sansthan (JSS) Scheme
- h. Other Skilling Institutions like RSETI, NIELIT, etc.
- i. Skilling institutions under MSME
- j. Corporate Skill Institutions

### 1.3. Objectives

1.3.1. The 'Skill Hubs Initiative' under PMKVY 3.0 aims at creating shared infrastructure, aligned with the needs of the local economy which addresses the vocational training needs of all target segments. It is also expected that existing resources in education and skilling system can be put to optimum usage by utilization for skilling beyond normal working hours and during weekends. In its full roll-out, the scheme is aimed at the following:

- a. Provision of permanent vocational infrastructure and resources for skilling
- b. To ensure contiguous availability of skill centres for ease of candidates
- c. Introduce vocational learning at an early stage with multiple well-defined pathways for candidates to continue with their chosen vocations
- d. Provide vocational offerings for target segments including in-school, drop-outs and out-of-education candidates

- e. Align the vocational offerings at all levels with overall economic and local economy needs

#### 1.4. Design Principles of Integrated Skilling Model

1.4.1. To create and promote Skill Hubs in the country, the following significant core and peripheral reforms have been envisaged for the design and implementation approach:

- a. Integration of Skills in Education – both School and Higher Education Institutions as envisaged in NEP 2020.
- b. Cross-utilization of available infrastructure with Universities/Colleges/Schools/Polytechnics/Government ITIs for skill development.
- c. Introduction of vocational subjects in schools, until institutionalized by the National Curriculum Framework (NCF).
- d. Academic Bank of Credit (ABC) framework for the recognition of Skills in Education and credit accumulation, transfer, and equivalence with Education, ITI and skilling ecosystem.
- e. Focus on up-skilling/ re-skilling courses through training to increase productivity of existing workforce for the Out of Education segment
- f. Embedding online/digital mode of training for wider coverage
- g. Training for in-school and out of education candidates to provide multiple entry, exit option for students to formal education along with enabling employability skills.
- h. Demand for skilling would be mapped through District Skill Committees (DSCs) along with the provision of Mahatma Gandhi National Fellows (MGNFs). Primary data from districts may be triangulated with PMKVY 3.0 training data, demand from employment through ASEEM portal, sectoral analysis of Sector Skill Councils (SSCs), District Skill Development Plans (DSDPs) and other secondary sources.
- i. Data of existing trainers and Assessors could be collated from National Skill Training Institutes (NSTIs) and Takshashila portal. Identification of vocational resources in school system including the National Council for Teacher Education (NCTE) and District Institute of Educational and Training (DIET) and other platforms would be considered.
- j. Counselling Services shall be provided to all the target population segments based on the aptitude and psychometric tests. This will be done once the candidate is registered for training. For the in-school students, NCERT guidelines will be followed. Further, it is envisaged that counselling services would be institutionalized at the time of entry to Class 9 and Class 11 for better screening of candidates in various streams and Skill Training Hubs services may be leveraged for the same.

## 1.5. Target Segments

- 1.5.1. For the overall integration of skilling with education, vocational education shall be introduced from Class 6 onwards through introduction to the ‘World of Work’. Students through industry visits, and bag-less days may be given orientation of vocational education. Industry visits may also cover visits to local artisans, craftsmen, local manufacturing units, etc. The foundational concepts of courses mapped for Class 9 onwards may be used for Class 6-8 for better synergy. Such vocational needs shall be addressed at Schools as per the NCERT guidelines.
- 1.5.2. The Skill Hubs initiative in its final roll-out would offer NSQF aligned vocational courses for the following target segments:
- In-school students** (Class 9-12th cohort): Shall be offered a vocational offering as course work having access to dedicated skill labs in identified Skill Hubs.
  - School Dropouts** (Class 6<sup>th</sup> to 12<sup>th</sup> cohort): To achieve Vocational skill Certification and academic credit through credit assignment and mainstreaming back to School wherever feasible. Candidates shall also be supported with career counselling before and after training. For children who have dropped out of class 6/7/8, option for continuing vocational education along with mainstreaming will be done.
  - Out-of-education candidates:** To achieve vocational skill certificate and academic credit through Skilling/ Re-skilling/ Up-skilling courses.

## 1.6. Envisaged Integration at Various Levels

The operationalization of Skill Hubs shall be based on differentiation between courses, resource intensity, type of institution identified as Skill Hub, pedagogy, and objectives of vocational offerings for in-school and out-of-education candidates.

### 1.6.1. Integration for In-school students

- **Schools:** Skill Hubs emanating from Schools would introduce vocational trades prescribed in the *SamagraShiksha* vocational scheme with suitable enhancement in scope as per the Skill Hubs Guidelines. Over time, they shall incorporate the courses identified through demand mapping from the local economy.
- **Higher Education Institutions:** Skill Hubs emanating from Higher Education Institutions including Engineering Colleges, Polytechnics and General Education Institutions shall introduce vocational trades prescribed in the *SamagraShiksha* vocational scheme or similar other NSQF aligned short duration courses relevant for

in-school students. Over time, they shall incorporate NSQF aligned courses identified through demand mapping from the local economy.

- **Skill Hubs from MSDE System:** Skill Hubs emanating from ITI, PMKKs, JSS, etc. may follow the Hub-n-Spoke model for operationalization the scheme wherein aspects of vocational education (theory part) may be catered to in the school classrooms and practical training at ITI/PMKKs for 1-2 days a week. Skill Hubs from MSDE System shall introduce vocational courses prescribed in the *SamagraShiksha* vocational scheme or other NSQF aligned short duration relevant courses as relevant to local demand.
- **Skill Hubs from other Skill Institutions:** Skill Hubs emanating from non-MoE and MSDE system shall introduce vocational courses prescribed in the *SamagraShiksha* vocational scheme for catering to in-school students. Over time (say over 2 years), they are expected to increase the scope of their offerings to match the demand mapping from district level and secondary sources. Delivery mechanism shall be similar to hub-n-spoke model.

#### 1.6.2. Integration for Out-of-education candidates

- **Schools:** Short Term training courses will be offered in the premises of schools designated as Skill Hubs for out-of-education youth after school hours or weekends. The courses could be based on the vocational courses being offered in the *SamagraShiksha* as well as any other NSQF aligned courses. Over time, NSQF aligned courses identified through demand mapping from the local economy shall be incorporated. Schools may avail the services of private vocational training providers for offering vocational courses to out-of-education candidates until they develop internal capabilities.
- **Higher Education Institutions (HEIs):** Short term training courses will be offered in the premises of the HEIs designated as Skill Hubs for the out-of-education candidates. The courses may be based on the vocational courses being offered in the *SamagraShiksha* or similar NSQF aligned courses which they are already offering. Over time, they shall incorporate the courses identified through demand mapping from the local economy.
- **MSDE Skill Institutions:** Vocational offerings shall be in the form of fresh skilling, re-skilling and up-skilling vocational courses. The offerings shall be derived from a judicious mix of universal trades and those pertaining to local economy needs.
- **Skill Hubs from other Skill Institutions:** Skill Hubs from skill institutions of other Ministries would expand the scope of their offerings to cater to out-of-education

candidates. The vocational offerings would be similar to other Skill Hubs from education or skill systems.

### **1.7. Skill Hub Pilot**

**As a step towards implementing integrated skilling through Skill Hubs, a pilot is being launched from January 1, 2022 targeted at out-of-education candidates. The guidelines for the same are appended below.**

## Chapter 2: Skill Hubs Pilot Starting January 1, 2022

### 2.1 Objectives of the Pilot

The pilot scheme is aimed at the following:

- a. Provision of permanent vocational infrastructure and resources for skilling
- b. Driving convergence and integrated skilling across the education and skill ecosystems
- c. Step towards re-positioning the vocational education ecosystem from supply driven to demand driven
- d. Provision of 6-7 Skill Hubs per district in the pilot phase through 5,000 Skill Hubs
- e. Rationalizing the cost of short-term vocational training with de-novo costing

### 2.2 Guiding Principles

2.2.1. Skill Hubs Pilot shall adhere to PMKVY 3.0 Guidelines and administrative structure except the relaxation or exemptions as provided under Chapter-6 herein, to efficiently address the challenges.

2.2.2. **Implementation Agency:** The ‘Skill HubsPilot’ would be implemented under central component of PMKVY 3.0 through National Skill Development Corporation (NSDC) with the support of State Skill Development Missions (SSDMs), State Education Department/Agencies and District Skill Committees (DSCs). It will be responsible for operational aspects including registration on Skill India Portal, trainee life cycle mapping, portal-based IT support, Career Counselling solution, facilitate course material for training, advisory on the strengthening of Skill Hubs, Empanelment of Skill Hubs, Monitoring, etc.

2.2.3. Skill Hubs shall associate with adjoining education and skilling institutions (spokes) over a district, or a cluster of adjacent districts, to provide access to skill development training at hub location or at spoke location. Such adjoining institutions in the vicinity of the Skill Hubs shall leverage the infrastructure and resources available at the associated Hub

2.2.4. Target Segment: Skill Training shall be targeted at dropouts and out-of-education candidates.

2.2.5. **Vocational Courses:** Skill Hubs shall offer courses / job roles from multiple sectors with infrastructure capacity and strength of suitable Trainers for delivering high-quality skill development training. In the pilot phase, short term courses based on *SamagraShiksha* vocational courses shall be offered, which shall be upgraded to ‘universal’ trades and local economy relevant trades in the next phases. Course

material to non-MSDE Skill Hubs may be facilitated through direct sharing of handbooks or flexibility to choose from list of publishers including the National Instructional Media Institute (NIMI). Skill Institutions from non-education system may also offer National Skills Qualification Framework (NSQF) aligned employment linked courses.

- 2.2.6. **Vocational Resources:** Skill Hubs would engage vocational trainers and strengthen vocational capacity required for catering to the candidates in line with demand. Skill Hubs identified from the education system would be able to access the services of PMKKs or standalone training providers or skill knowledge partners until they develop their own resources over time.
- 2.2.7. **Funding of Training Cost:** Training cost for out-of-education candidates shall be provisioned under the PMKVY scheme. NSDC will directly transfer the funds to the skill hubs including schools. Scheme funding shall be extended to all Skill Hubs except those which shall run on fee-based mode (AICTE Institutions and private Schools). Identified AICTE institutions in difficult geographies/aspirational districts may also be covered under scheme funding.
- 2.2.8. Short Term training courses based on SamagraShiksha aligned with NSQF will be offered in the premises of schools designated as Skill Hubs for out-of-education candidates after school hours and on weekends.
- 2.2.9. **Attendance:** Biometric attendance shall be made mandatory for Trainee, Trainers and Assessors. The provision of online attendance endorsed by Head of Institutions through My Attendance portal may be explored until biometric attendance is enabled at School based Skill Hubs.
- 2.2.10. **Mobilization of Candidates:** Skill Hubs are expected to would work in coordination with adjoining schools, training institutions and District Skill Committees for mobilizing out-of-education candidates. Branding and awareness material shall be shared with respective Skill Hubs to assist in mobilization. Required coordination support may be extended from the State authorities including State Skill Development Mission as required.
- 2.2.11. **Safety and Security:** While Skill Hubs are expected to address aspects of safety and security of candidates, the district administration may also be advised for safety for late afternoon/evening classes especially for female candidates. For all-Girls Institutions and JNV based Skill Hubs, only female candidates may be enrolled for afternoon/evening classes.
- 2.2.12. **Assessment and Certification:** Assessment and certification process shall be as per guidelines and norms issued by MSDE/NCVET from time to time. Institutions including Schools and HEIs which are already offering skilling-based courses

through their respective School Education/Technical Boards would have the flexibility to undertake assessment and certification as per their existing norms if they offer NSQF aligned/approved courses. The pilot also provisions for one-time provision of re-assessment for the failed and not appeared candidates at the discretion of Awarding Bodies/ Boards and respective Skill Hubs.

- 2.2.13. **Monitoring:** The initiative would be monitored at various levels to ensure quality outcomes. This will include progress monitoring tools such as quarterly progress reports, geo-tagging, and audit, etc. Monitoring would be done via technology-driven interventions. In specific cases where discrepancies are found, physical inspections may also be conducted. State and District level agencies (SIS, SSDMs/DSCs) shall be oriented for their roles in monitoring in addition to the central implementation agency.

### 2.3 Identification of Skill Hubs

- 2.3.1. Skill Hubs may be equipped with appropriate infrastructure and lab equipment for conducting the training in vocational courses prescribed in the *Samagra Shiksha* vocational scheme or similar other NSQF aligned short duration courses as defined under the selection parameters for Skill Hubs.
- 2.3.2. In the initial phase, around 5,000 such Skill Hubs would be identified in the country from across the education and skill ecosystems including Schools, PMKKs ITIs, Engineering Colleges, General Education Colleges, Polytechnics, Rural Self-Employment Training Institutes (RSETIs), JSS centres, NIELIT centres and MSME Skilling Institutions and other Central/State institutions as the case may be.
- 2.3.3. Consolidation and geo-spatial mapping of identified Skill Training Hubs would be undertaken for identification of best-fit centers. The number of Skill Hubs would be identified from respective Ministries/ Departments along with their maximum intake capacity basis available infrastructure.

### 2.4 Training Targets

- 2.4.1. Target shall be assigned up to the maximum capacity of the identified Skill Hubs based on selection criteria/ metrics linked to infrastructure, training capacity, past skilling experience if any, geographical operation, etc.
- 2.4.2. Trainee life cycle data shall be put on Skill India Portal through a simple automated process.
- 2.4.3. The running capacity for single batch for the training centre shall be minimum of 15 candidates to maximum of 40 candidates.

## 2.5 Implementation Mechanism

- 2.5.2. The Steering Committee constituted under the PMKVY 3.0 scheme would oversee and monitor the implementation of 'Skill HubPilot' across the country in the coordination with Ministry of Education (MoE), other Central Ministries, State Skill Development Missions and State Education Departments/Agencies.
- 2.5.3. For drop out Students, Skill Hubs to coordinate with National Institute of Open Schooling (NIOS)/State Open Schools or respective State Education Board for mainstreaming back to education wherever possible.

## Chapter 3: Governance Structure and Key stakeholders

### 3.1. Steering Committee

- 3.1.1. **The Steering Committee** constituted under PMKVY 3.0, as apex level committee shall be responsible for broad policy direction, framing operations guidelines, periodic review, monitoring, mid-course correction and convergence of skills and education.
- 3.1.2. The composition of the Steering Committee is as under:

Steering Committee Composition	Roles to be played in SC
Secretary, Ministry of Skill Development and Entrepreneurship (MSDE)	Chairman
Additional/Joint Secretary (Skill Development), Ministry of Skill Development and Entrepreneurship (MSDE)	Member Secretary
Additional Secretary & Financial Advisor, Ministry of Skill Development and Entrepreneurship (MSDE)	Member
MD & CEO, National Skill Development Corporation (NSDC)	Member
Officers not below the rank of Joint Secretary from Central Ministries	Member
Officers not below the rank of Principal Secretary, Skill Development (or equivalent) from two States*	Member
Chairman of any two Awarding Bodies*	Member
Special Invitees as decided by the Chairman, Steering Committee**	Member

sis (nominated by Secretary, MSDE)

\*\*For Skill Hubs Pilot, the following special invitees may be invited by the Chairman, Steering Committee:

- a. Director General, Directorate General Of Training, Ministry of Skill Development and Entrepreneurship (MSDE)
- b. Additional/Joint Secretary (DoSEL), Ministry of Education (MoE)
- c. Additional/Joint Secretary (DoHE), Ministry of Education (MoE)
- d. Additional/Joint Secretary, Ministry of Rural Development (MoRD)
- e. Additional/Joint Secretary, Ministry of Ministry of Micro, Small and Medium Enterprises (MSME)
- f. Additional/Joint Secretary, Ministry of Electronics and Information Technology (MeitY)

3.1.3. The Steering Committee shall be responsible for the following:

- a. The Steering Committee of the scheme is empowered for taking appropriate decisions in the matters of dynamic fixation of targets and funds. The existing Steering Committee constituted for the Scheme is empowered for taking appropriate decision in matters relating to broad policy direction, dynamic fixation of targets and any deviation in scheme concept note/guidelines, without affecting the financial provisions.

### 3.2. State Monitoring Committee

3.2.2. The 'State Monitoring Committee' shall be constituted at the State level for overseeing the regular functioning of the scheme with participation of State Skill, Education Department, other participating Ministries and DSCs representatives. For any policy or operational corrections, the state monitoring committee shall seek guidance/approval from Steering Committee for improvising the implementation of the Skill HubPilot. It shall be headed by the Principal Secretary/Secretary, in charge of Skill Development Department/SSDMs in the State/UT.

3.2.3. The State Monitoring Committee for the 'Skill HubsPilot' may constituted by taking the following members as proposed below by the competent authority:

Details of State Monitoring Committee Members	Roles to be played in SMC
Secretary, Skill Development Department of respective State/UT	Chairman
Department of Higher Education	Member
Department of School Education	Member
Department of Technical Education	Member
Department of Rural Development/ PanchayatiRaj	Member
MD & CEO, State Skill Development Mission (SSDM) of the State/UT	Member Secretary
Representatives or Chairman of 2 District Skill Committees	Member

3.2.4.	Nodal Officer/Representative (not below the rank of Deputy Director) of State Skill Development Missions (SSDMs)	Member
	State Director dealing with ITIs	Member

State Monitoring Committee shall be responsible for the following:

- a. To act as joint monitoring committee for overseeing the regular functioning of the ‘Skill HubsPilot’, recommending to Steering Committee any policy or operational corrections for improving its implementation, reviewing, and approving of proposals in accordance with the Guidelines or any other functions as deemed necessary by Steering Committee.
- b. The State Monitoring Committee shall refer the Guidelines of the pilot and shall adhere to the PMKVY 3.0 Guidelines. In case of any deviation from PMKVY 3.0 guidelines, the State Monitoring Committee shall examine the same and place it before the Steering Committee for final approval.
- c. Periodic review of allocated training targets to all types of identified Skill Hubs within the State/UT.

### 3.3. Ministry of Skill Development and Entrepreneurship (MSDE)

- 3.3.1. MSDE shall act as the apex body at the National level for coordination and overall implementation of the Skill HubsPilot in coordination with the MoE, MoRD, MeitY, MSME, DGT, SSDMs/DSCs, and other stakeholders.
- 3.3.2. Target Allocation to Implementing Agencies as provisioned in ‘Skill HubsPilot’ Guidelines.
- 3.3.3. Release of funds in accordance with the Guidelines.
- 3.3.4. Coordination among Stakeholders for handholding and support to ensure smooth execution of these training programme.
- 3.3.5. Grievance redressal, if any.

### 3.4. State Skill Development Missions (SSDMs)

The role of SSDMs in SHI shall be the following:

- 3.4.1. SSDMs shall act as the apex body at State / Union Territory level for the pilot in coordination with the MSDE, Education Department/Board, DSCs, Skill Hubs, and other stakeholders, if required.
- 3.4.2. Provide technical support to Skill Hubs, DSCs, TPs, wherever required
- 3.4.3. The State Monitoring Committee shall look after the functions of SSDMs and advise for overall improvement of the SHI in consultation with other stakeholders
- 3.4.4. SSDMs shall extend administrative support to DSCs, Skill Hubs, and other stakeholders.

- 3.4.5. SSDMs shall issue advisories/instructions for DSCs and others, wherever required;
- 3.4.6. Grievance redressal, if any.

### 3.5. State Education Department / Board/ Council

- 3.5.1. Support NSDC and SSDMs in the implementation and monitoring of the Skill HubPilot Programme in schools in State/UT.
- 3.5.2. Handholding of the candidates for mainstreaming back to education along with School Skill hubs
- 3.5.3. State Project Director (SPD) to set up help desk at the state level to manage the queries of the School Skill hubs
- 3.5.4. Any other task assigned by State Monitoring Committee.

### 3.6. District Skill Committee (DSC)

District Skill Committee (DSC) would assist in implementation of this Pilot. It will be assisted by the District Education Officer (DEO) in discharging its overall role under the Skill Hub Training Programme within a district. The responsibilities of DSCs in the 'Skill HubPilot' shall be the following:

- 3.6.1. To map local skill demand, training facilities and trade-wise trainer availability through scheme resources and through the provision of Mahatma Gandhi National Fellows.
- 3.6.2. To actively assist in mobilisation of candidates in coordination with respective Skill Hubs and facilitating initial registration process on the Skill India Portal.
- 3.6.3. To verify availability of premises and trainers.
- 3.6.4. To monitor and supervise the scheme at the district level and coordinate with nodal implementing agency for ensuring training quality.

### 3.7. Implementing Agency

NSDC shall be responsible for overall implementation of the Skill Hubs Pilot. The responsibilities of Implementing Agency shall be the following:

- 3.7.2. To facilitate seamless on-boarding of Skill Hubs in the Skill India Portal (SIP) along with handholding support to the Project Implementing Agencies in the maintaining the training life cycle of target segments for payouts and entitlements, as per guidelines.
- 3.7.3. To extend knowledge and technical support in coordination with the MSDE, to all Skill Hubs, including a counselling solution for better screening of candidates for various courses.
- 3.7.4. Target Allocation to Skill Hubs with a suitable methodology duly approved by the Steering Committee and release of payments.
- 3.7.5. Grievance redressal.
- 3.7.6. Any other responsibilities as assigned by the MSDE/ Steering Committee.

### 3.8. Awarding Bodies /Agencies for Assessment and Certification

The responsibilities of Awarding Bodies in the Pilot shall be the following:

- 3.8.2. The assessment and certification process shall be as per guidelines and norms issued by MSDE/NCVET from time to time. Institutions including Schools and HEIs which are already offering skilling-based courses through their Boards/Regulators may have the flexibility to undertake assessment and certification as per their existing norms if possible, for the vocational courses or through other Awarding Bodies.
- 3.8.3. Finalisation of training content and curriculum in accordance with the approving authority and as per the requirement.
- 3.8.4. Post-training completion under this Pilot, career path development for trained candidates in terms of further training on high or other NSQFs
- 3.8.5. Training of trainers and Assessors as required
- 3.8.6. Assessment and Certification in a time bound manner.

### 3.9. Head of Institutions / Skill Hubs

The Head of the Institutions/Skill Hubs will be responsible for the following:

- 3.9.2. Develop a strategic plan for the Skill Hubs, in consultation with the stakeholders, including the preparation of a staffing and resource plan.
- 3.9.3. Undertaking academic and administrative services for the implementation of the pilot.
- 3.9.4. Promote collaboration and foster inter-disciplinarity both within the Skill Hub, and with other institutions or Skill Hubs.
- 3.9.5. Deal with the staff deployment matters that fall within the remit of the Skill Hub.
- 3.9.6. Ensure participation of teachers/trainers and candidates in the implementation of the Skill Hubs Pilot.
- 3.9.7. Ensure availability of resource materials for training of teachers/ trainers and candidates.
- 3.9.8. Arrange capacity building programmes for key functionaries and vocational teachers/ trainers.
- 3.9.9. Handle financial matters, including, the monitoring of expenditure.
- 3.9.10. Ensure the effective delivery of high-quality VET and the maintenance of academic standards.
- 3.9.11. Review the performance of the Skill Hub in terms of its objectives as stated in its strategic plan and in its staffing and resource plan and prepare a report.
- 3.9.12. Undertake continuous monitoring and supervision and reporting of overall functioning of Skill Hubs.
- 3.9.13. Other duties as may be assigned by the respective higher authorities.

## Chapter 4: Budget and Fund Flow Mechanism

### 4.1. Details on Budget and Funding

4.1.1. The total estimated cost for the pilot SHI to train/certify candidates is approximately Rs. 700 crores (Rupees Seven Hundred Crores).

**Table 2: Details of Cost Components under the Pilot**

Sl. No.	Cost Components		Total Cost (Rs. in Crore)
1 (a)	Operational Cost*	Rs. 7,300/- per Candidate	630.59
1 (b)	Administrative Cost	Component Percentage	
(i)	Administrative Expenditure	6%	37.84
(ii)	Awareness	3%	18.92
(iii)	Scheme level Monitoring, Impact Assessment etc.	2%	12.62
<b>Scheme Outlay [1(a) + 1(b)]</b>			<b>700</b>

\*The component wise break-up of operational cost is mentioned at *Annexure I*.

### 4.2. Fund Flow Mechanism

- Funds under the program shall be transacted under Public Financial Management System (PFMS) Platform.
- The funds may be routed through NSDC directly to the Skill Hubs.
- The direct monetary rewards as paid to candidates shall be done through PFMS linkage with DBT Bharat Portal.
- Considering integration of skill with education, de-linking of PMKVY 3.0 approved tranches pay out mechanism. The tranches pay out under this Pilot will become due and payable upon achievement of new milestones. The milestones proposed are:

**Table 3: Details of tranche and applicable milestones**

Tranche	%	Milestone
Tranche 1	60%	Commencement of Training Batches after on-boarding of Skill Hubs
Tranche 2	40%	Upon successful candidate certification

## Chapter 5: Monitoring

### 5.1. Monitoring Framework

- 5.1.2. Skill HubsPilot will be monitored at various levels to ensure quality outcome. This will include progress monitoring tools such as quarterly progress reports, geo-tagging, and audit, etc. Monitoring would be done via technology-driven interventions as well as physical inspections for transparency and scalability.
- 5.1.3. The monitoring structure, the roles, and responsibilities of key stakeholders in monitoring the program will be similar to PMKVY 3.0 Monitoring guidelines.
- 5.1.4. Evaluation will have specific emphasis on ensuring quality in training delivery and making skilling aspirational in the country. The implementing agency/coordinating agency will be required to submit progress report and evaluation report time to time.
- 5.1.5. During the lifecycle of training, following indicators will be monitored to ensure the quality of training being provided:
- Attendance of candidates
  - Availability of facilities and infrastructure at the Skill Hubs
  - Availability of training material as per the guidelines
  - Branding of Skill India as per the guidelines
  - Regularity of training including batch strength.
  - Any unethical practices by Skill Hubs
- 5.1.6. Following are the monitoring mechanism and tools planned to be used to monitor the initiative:
- Enrolment of candidates will be candidate Aadhar number linked in Skill India Portal (SIP) to avoid any fake enrolments.
  - 100% candidate verification using Out Bound Dialling (OBD) and manual calling.
  - Attendance monitoring: Project Implementing Agencies (PIAs)/ Skill Hubs are required to submit photograph of daily activities along with manual attendance record in a mobile application and where applicable, AEBAS attendance system will be adopted as permitted by Districts/ States/ UTs.
  - Weekly Virtual verification through mobile application.
  - Physical surprise visits to Skill Hubs by DSCs/ State Engagement Officers (SEOs).
  - CCTV Monitoring: Daily snaps of classroom activities, candidate attendance and control room access to live video footage of Skill Hubs would be made available through this channel. For Government institutions, the Principal/Head of the Institute shall regularly monitor and inspect the Skill Hub for compliance and submit the requisite updates as and when required.

- Candidate assessments will be carried out through Aadhar enabled assessment app (AEAP) to ensure only enrolled candidates are assessed for the batch.
- Performance monitoring: Progress of Key Performance Indicators (KPIs) of the initiative will be monitored through Skill India Portal.
- Branding and Communication: Skill Hubs should adhere to the Branding and Communication Guidelines. Any deviation from the norms will be dealt with as per the monitoring framework of the Scheme.
- Grievance Redressal: An effective grievance redressal mechanism will be put in place. Helpline numbers will also be provided on the website.

5.1.7. The ‘Skill HubsPilot’ is expected to attain completion within stipulated timelines. The key parameters to be monitored at each stage of training lifecycle will be broadly in line with PMKVY 3.0 monitoring guidelines. The consequent management as per defined monitoring penalty grids concerning offences and penalty actions will be followed.

## Chapter6: Exemptions/Deviations from PMKVY3.0 Guidelines

### 6.1. Exemptions/Deviations

The following points cover the exemptions / specific points under the initiative:

- 6.1.2. Per candidate overall training cost is considered as Rs. 7,300 (Seven Thousand Three Hundred) only as per 4.1.
- 6.1.3. Accreditation and Affiliation process (with certain exemptions) for centres to come aboard for implementation of the training programme. A simplified process will be adopted to onboard the Skill Hubs in SIP. Government Institutions will be onboarded without physical inspection.
- 6.1.4. In the pilot phase, only School Dropouts and Out-of-education candidates will be considered as the target segment.
- 6.1.5. For Schools acting as Skill Hubs, CCTV Monitoring will be encouraged but may not be a mandatory criterion. As an alternative, the Principal/Head of the school shall regularly monitor and inspect the Skill Hub for compliance and submit the requisite updates as and when required.

**Annexure I - Component wise break-up of operational cost**

<b>Details of Operational Cost under the initiative</b>		
<b>Sl. No.</b>	<b>Break-up of Basic Training Cost</b>	<b>Estimated Cost under Skill Hub (Annual) (inRs.)</b>
1	Salary of Trainers	2,40,000
2	Guest Lecture	24,000
3	Course Handbook/s	24,000
4	Raw Material	60,000
5	Training Aid (Internet, Chalk, chart papers, office stationery etc.)	12,000
6	Provision for Maintenance of Tools	30,000
7	Provision for Infrastructure Wear & Tear	24,000
8	Provision for Training of Trainers	10,000
9	Industry Visit Expenses	48,000
10	Electricity Expense	24,000
11	Provision for Counselling	12,000
12	Supervisory Teacher and Housekeeping	96,000
13	Mobilization Expenses	1,20,000
	<b>Total Cost</b>	<b>7,24,000</b>
	Estimated Candidates Catered	120
	<b>Per Candidate Basic Cost (rounded-off)</b>	<b>6,000</b>
14	Assessment Cost	36,000
15	Reward Money	60,000
16	Post Certification Monitoring	60,000
	<b>Total Operational Cost (per Candidate)</b>	<b>7,300</b>

**Notes:**

- MSDE may make a provision for financial assistance to select candidates opting for entrepreneurship/self-employment on a screening and competitive basis under its existing programs (such as SANKALP).
- Reward Money may be deposited directly to the beneficiary candidate using AEPS model.
- The costing is applicable for an average batch size of 30 candidates. Batch size may be increased to a maximum of 40 candidates.
- 15 candidates per batch as the minimum batch size while 40 candidates per batch as the maximum batch size will be considered while forming the batch based on the demand.
- Conveyance cost is payable to persons with disability (PwD) and Transgenders only.
